

Garrett SuperScanner Hand Held Security Metal Detector

Model : SuperScanner

Manufacturer : Garrett

Garrett Super Scanner Hand-Held Security Metal Detector.

Proven to accurately detect concealed metallic items, The Garrett SuperScanner is the most recognized hand-held metal detector in the world and has led the industry for over 20 years. The Super Scanner Hand-Held Metal Detector by Garrett is proven to accurately detect concealed metallic items, from a medium-sized pistol to tiny jewelry. The Garrett Super Scanner Hand Held Metal Detector features a simple operation. To activate, you just press a switch and the precise automatic circuitry will start scanning for metallic objects. The device has no tuning or other adjustments necessary. A Reduced Sensitivity mode is available, with a pressure switch, for scanning near rebar floors or other ambient metal. An audible alarm and a visual signal indicate the detection of any metal, and earphones may be used for silent scanning. The Garrett Metal Detectors has a 9V battery, included with the detector, that stands up to long hours of use. The 9 volt battery can be quickly changed without the need for tools. The Garrett Super Scanner is proudly engineered and manufactured in the USA.

The Garrett SuperScanner has been the hand-held metal detector of choice for law enforcement, and notably the Olympic Games since 1984. This proven dependability, ease of operation and durability of the Garrett SuperScanner Hand-Held Metal Detector make it the detector most demanded by police and all other security officers.

Product Features:

- One switch operation
- Ultimate sensitivity
- Does not require adjustments
- Rugged, high-impact ABS case with reinforced coil compartment
 - Detects medium sized pistol from 9" ; large knife from 6" ; razor blade and box cutter from 3" ;
 - foil-wrapped drugs and tiny jewelry from 1" ;
 - Large 10" scan surface for quick, thorough scanning
 - No tools required to change 9V battery
 - Sharp audible alarm and bright red LED light indicates the detection of metal
 - Momentary push button temporarily eliminates detection of nearby ambient metal such as rebar, metal walls, etc.
 - Green LED light indicates ON; Amber LED indicates low battery; Red LED indicates ALARM

Specifications:

- Operating Temperatures -35°F (-37°C) to 158°F (70°C)

Hand Held Metal Detectors > Garrett SuperScanner Hand Held Security Metal Detector

Garrett SuperScanner Hand Held Security Metal Detector

- Humidity To 95% non-condensing
- Operating Frequency 93 kHz
- Audio Frequency 2kHz Warble
- Tuning Automatic
- Indicators: Speaker, LED Alert Lights: (Green: Power ON), (Amber: Battery LOW), (Red: ALARM condition)
- Controls: Power switch (ON / OFF) and Interference Elimination Momentary Switch
- Battery: Single 9 volt battery provides up to 60 hours of normal operation. Optional NiMH rechargeable battery provides up to 20 hours on each 12-hour recharge
- Warranty: Limited, 24 months parts and labor

Applications:

- Airports
- Correctional Facilities
- Arenas
- Public Buildings
- Private Buildings
- Schools
- Special Events
- Loss Prevention
- Nuclear Facilities
- Transportation Terminals
- Courthouses
- Corporate Security
- Historical Landmarks
